

AJAY KODURUPAKA

Mancherla, Telangana, India | +91 6281351489 | ajay.kodurupaka110125@gmail.com | github.com/ajaykodurupaka | linkedin.com/in/ajay-kodurupaka-41584b263

PROFESSIONAL SUMMARY

B.Tech graduate in Information Technology (CGPA 8.72/10) with hands-on experience in Java, SQL, Object-Oriented Programming, and Software Development through the Infosys Foundation Program. Skilled in building applications with Java, Python, and SQL, with strong knowledge of Data Structures, DBMS, Operating Systems, and Computer Networks. Built AI-powered applications using Machine Learning, Deep Learning, and Computer Vision. Second Prize winner, Smart Campus Hackathon (300+ teams). Passionate about building scalable, efficient, and high-quality software solutions.

TECHNICAL SKILLS

Programming Languages: Java, Python, SQL, JavaScript
CS Fundamentals: Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks
Core Java: OOP, Collections Framework, Exception Handling, Multithreading, File Handling, JDBC
Databases: MySQL, PostgreSQL, HSQLDB
Software Development: SDLC, Agile Methodology, Unit Testing, Debugging, Git, GitHub, Version Control
Web Technologies: HTML5, CSS3
AI / Machine Learning: Machine Learning, Deep Learning, Computer Vision, OpenCV
Tools & Platforms: Eclipse IDE, Visual Studio Code, Linux, Windows

PROFESSIONAL EXPERIENCE

Infosys Ltd., Mysuru

Feb 2026 - Jun 2026

Trainee, Foundation Program (Java & SQL Development)

- Developed Java applications using Object-Oriented Programming principles, the Collections Framework, exception handling, multithreading, file handling, and JDBC.
- Designed and optimized SQL queries using joins, views, stored procedures, and database normalization.
- Applied SDLC and Agile methodologies while completing multiple coding assignments within a structured training environment.
- Performed unit testing, debugging, and code reviews to improve software quality and maintainability.
- Successfully completed structured training in Java, SQL, Software Engineering, and Secure Coding through the Infosys Foundation Program.

The Singareni Collieries Company Limited, Srirampur

Feb 2022 - Aug 2022

Industrial Trainee, IT Department

- Installed and configured operating systems and software for end users, and supported hardware maintenance, printer support, and network troubleshooting.

PROJECTS

DeepEYE - AI-Based Video Surveillance with Anomaly Detection

Tech Stack: Python, OpenCV, Deep Learning

- Developed an AI-powered surveillance system capable of detecting abnormal activity from live video streams.
- Implemented image preprocessing, feature extraction, anomaly detection, and real-time monitoring to improve surveillance efficiency.

Harvestify - Smart Agriculture Recommendation System

Tech Stack: Python, Machine Learning, Deep Learning

- Developed an intelligent recommendation system for crop selection, fertilizer recommendation, and plant disease prediction.
- Performed data preprocessing, feature engineering, and ML model development to generate data-driven agricultural recommendations.

AINAT - Artificial Intelligence Attendance Terminal

Tech Stack: Python, OpenCV, Face Recognition

- Developed an automated face-recognition attendance system with real-time identity verification, improving attendance accuracy and reducing manual effort.

EDUCATION

Gokaraju Rangaraju Institute of Engineering and Technology

2022 - 2025

Bachelor of Technology (B.Tech), Information Technology

CGPA: 8.72/10

Singareni Collieries Polytechnic College

2019 - 2022

Diploma, Computer Engineering

CGPA: 8.14/10

CERTIFICATIONS

- Programming and Object-Oriented Programming using Java - Infosys
- Database Management System (HSQLDB) - Infosys
- Foundations of SDLC, Agile and Lean Methodologies - Infosys
- AWS Academy Cloud Foundations
- Networking Essentials - Cisco
- Java Training - IIT Bombay Spoken Tutorial

ACHIEVEMENTS

- Secured 2nd Place in the Smart Campus Hackathon among 300+ participating teams.
- Successfully completed the Infosys Foundation Program, including technical assessments in Java, SQL, and Software Engineering.
